

Shayandima School of Tomorrow and the BTN missions base is the ideal place for people to serve God full-time. It provides an opportunity for individuals to find their place in God's plan and reach out with their gifts and talents to encourage and bless others. Many people from different backgrounds, occupations, and countries have already found their way to the Limpopo Province of South Africa to help in establishing God's Kingdom work there. You too can be part of this powerful work! If you want to come for a year or more, or only for a couple of months, the team at Shayandima School of Tomorrow is looking forward to hearing from you.

Build ^{the} Nations

Shayandima School of Tomorrow

*Sharing the love of God
in South Africa*

Shayandima School of Tomorrow has the capacity to educate over 250 children on the Accelerated Christian Education programme (ACE) from Preschool to Grade 12. The school aims to share the good news of Jesus Christ through the ACE programme and to help the children develop a personal relationship with Christ. The school has ten learning centres, a library, an arts and science facility, a computer centre, and sports grounds. Our staff and volunteers use their different gifts and talents to provide a quality education while training the children in the ways of God.

"Serving at Shayandima School of Tomorrow has been an awesome experience! Working with the children here is great, although it can be challenging at times! The rewards far outweigh the challenges. Seeing students grow into men and women of God and knowing you played a vital role in that has been very rewarding. Getting involved in other outreach opportunities has also been an incredible blessing."

- Kyle Pruis, Monitor

The school is located within a missions base and contains accommodation for many of the staff members and their families. It includes a large lounge with TV and internet access, a prayer room, a swimming pool with other recreational facilities, a large communal dining room, kitchen, and laundry room.

If you are here for long enough, there is also the opportunity to participate in other outreach trips to neighbouring countries during school vacations!

The heart of **Build the Nations** is to encourage people to serve God with their lives. Many people from all over the world have joined us and continue to be a part of this powerful and mighty work of the Lord. By partnering with us you will sow into many areas of God's Kingdom, such as:

- discipling children on a daily basis
- mission and evangelistic training
- school planting and assistance across Africa
- missionary training
- feeding the hungry
- working with orphans
